Residents are reminded to do the following:

- Rake leaves to the right-of-way, the area near the curb/edge of the street, but NOT in the street and no further than six (6) feet from the curb.
- Keep the storm drains clear of leaf debris. If you have a storm drain in front of your home, remove the leaf debris and add it to your leaf pile.
- Inform your landscape company to refrain from blowing leaves into the street when mowing the lawn.

Residents are reminded to not do the following:

- Do NOT rake leaves into the street and no further than six (6) feet from the curb.
- Do NOT bag leaves as city crews use trailer-mounted leaf vacuums.
- Please refrain from piling leaves near mailboxes.
- Do NOT park in front of or on any leaf piles as it is difficult to maneuver the hoses around parked cars.
- For residents who live along a ditch or creek, DO NOT rake leaves to the bank or into the waterway.
- Do NOT mix branches and other debris with the leaf piles because crews will leave the entire pile and then the resident is responsible for the disposal.
