CALCULATION OF TAX CREDIT FOR OTHER CITY WITHHOLDING for FORM P

For tax rate of other Ohio cities, call our office at 419-872-8035 or search on **Tax Municipalities** at www.columbustax.net.

1. Determine the rate of withholding for the city in which you work, then complete the table below. **This table assumes taxpayer wages are fully withheld within the work city.**

City	A W-2 Box 18 wages for other city	Tax paid to other city	Other city tax rate	Perrysburg tax rate	Lower rate	B 50% of lower rate	A x B = credit
			%	1.5%	%	%	
			%	1.5%	%	%	
			%	1.5%	%	%	
			%	1.5%	%	%	
			%	1.5%	%	%	
2. Total credit for taxes paid to other cities (transfer amount to Line 1F on page 1)							

Exceptions to the above:

- If a resident taxpayer has a non-resident refund (NRR) from another city, first subtract the NRR income from the W-2 Box 18 wages for the related city and recalculate the “taxes paid to other city” column by multiplying that city’s tax rate by the new wage amount in column A.
- Likewise, if a resident has 2106 expenses to claim as a deduction, first subtract the amount of the 2106 deduction from the W-2 Box 18 wages for the work city, and recalculate the related “taxes paid to other city” column by multiplying that city’s rate by the new amount in column A.
- If a taxpayer is a part-year resident of Perrysburg, the wage amount in column A should be limited to the Perrysburg taxable wages. Recalculate the “tax paid to the other city” by multiplying that city’s tax rate by the new wage amount in column A.

Example of calculation:

City	A W-2 Box 18 Wages for other city	Tax paid to other city	Other city tax rate	Perrysburg tax rate	Lower rate	B 50% of lower rate	A x B = credit
Walbridge	\$10,000.00	\$150.00	1.5%	1.5%	1.5%	.75%	\$75.00
Toledo	\$ 7,000.00	\$157.50	2.25%	1.5%	1.5%	.75%	\$52.50
Findlay	\$ 5,000.00	\$50.00	1.0%	1.5%	1.0%	.50%	\$25.00
TOTAL OTHER CITY CREDIT							\$152.50

Calculate with Exceptions:

- In the above example, a resident of Perrysburg filed an NRR to the City of Toledo for \$3,000 in wages. A refund from Toledo is forthcoming of \$3,000 x .0225, or \$67.50. Actual Toledo employer W-2 in this case would have shown Box 18 wages of \$10,000 and tax paid to Toledo of \$225 (\$10,000 x .0225). The reduced wages, \$10,000 less \$3,000, reduces the related tax paid and the Perrysburg tax credit by \$22.50 (\$3,000 x .0075 (B)).
- Or, similarly, in the above example, a resident claims 2106 expenses on his Perrysburg return of \$3,000 for a job he held in Toledo. The W-2 would have shown Box 18 wages of \$10,000 and tax paid to Toledo of \$225. The wages and tax paid amounts have been reduced, and the Perrysburg tax credit is reduced by \$22.50 (\$3,000 x .0075 (B)). The taxpayer may file with Toledo to receive a 2106 refund of the \$67.50.
- In the above example, a part-year resident claims \$3,000 in wages for a job worked in Toledo which were earned/received prior to the move in date or after the move out date. The Toledo employer W-2 would have shown Box 18 wages of \$10,000 and tax paid to Toledo of \$225. The wages and tax paid have been reduced, and the Perrysburg tax credit is reduced by \$22.20 (\$3,000 x .0075 (B)). The taxpayer should include a copy of a paystub showing year-to-date earnings as of the move in or move out date to support their calculation.
